[🔗 Portfolio](#)

Summary

Fresh Computer Science graduate and a software developer specialized in developing iOS applications. I have experience in application development as well as in designing user interfaces and user experiences (UI/UX). I graduated from the Apple Developer Academy and currently work as a tech entrepreneur leading innovative projects, with a record of achievements in various exhibitions and competitions. I strive to deliver high-quality digital solutions that combine innovation, ease of use, and modern best practices in software development.

Professional Experience

Co-Founder & CTO

Shohna Plus | Startup

Riyadh, SA

Feb 2025 – Present

- Led the technical vision and development of Shohna Plus, overseeing product architecture, technology strategy, and system scalability.
